CODEplus TO SPONSOR RFID JOURNAL LIVE!

Fairfax, VA, April 8, 2005 - CODE Plus, Inc. (CODEplus) announced today that it will sponsor the 3rd annual RFID Journal LIVE! 2005 taking place April 10-12, 2005 at the Sheraton Chicago Hotel & Towers, in Chicago, Illinois. This executive conference will feature an unparalleled speaker line-up and agenda featuring major companies at the forefront of deploying RFID systems, as well as top experts addressing the issues surrounding its deployment.

At RFID Journal LIVE!, CODEplus will be introducing its latest addition to the eManageIT RFID Tag&Ship product suite. The new version constitutes a major enhancement to the quick to implement and highly scalable eManageIT RFID Tag&Ship product suite by allowing DoD suppliers to immediately comply with DoD passive RFID requirements.

In its continuous effort to provide its customers with best-of-breed end-to-end RFID solutions CODEplus will be announcing its teaming with Innovations Group, Inc. in the area of RFID products. As a team CODEplus will have access to Innovations Group unique technical services and helpdesk support expertise, allowing them to offer bundled RFID solutions from requirements analysis to maintenance support.

"We are very pleased to have CODEplus as a sponsor of RFID Journal LIVE! 2005. Attendees at the event benefit not just from hearing from end users during the program, but also from discussing the best ways to implement the technologies with vendors supporting our event," said Mark Roberti, founder and editor of *RFID Journal*.

Sunday, April 10, at 4:15 p.m., Jinan AbouShakra, President and CEO, CODEplus will be speaking at a session on **Development Strategies: The IT Framework**. This session will detail the RFID solutions framework for the aviation industry and the impact of those frameworks on existing and legacy systems. Attending this session will assist you in developing a deployment strategy that takes into consideration all the pieces of the IT framework.

"We are excited to be a part of RFID Journal LIVE! 2005. The show is the ideal forum for us to meet face-to-face with end-users who are involved in RFID initiatives, as well as the industry associations, consultants, experts and thought leaders influencing RFID's adoption," said Jinan AbouShakra, President and CEO, CODEplus.

RFID Journal LIVE! is organized into five key tracks by subject, with speakers who will deliver in-depth, unbiased information covering RFID in retail, manufacturing, logistics, core technologies, and building the business case. Conference delegates will be able to:

- Learn from other organizations about the costs, stumbling blocks and benefits of RFID adoption
- Understand the business case for deploying RFID technologies
- Network with executives and business managers faced with similar RFID business, deployment and integration challenges
- See technology and product demonstrations from the leading RFID systems providers as well as the latest innovations from RFID startup companies.
